Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 2 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Allowable Subject Matter

1. Claims 9-22 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter:

Claims 9 and 16, as well as their dependent claims, are found to be allowable because the prior art of record neither teaches nor reasonably suggests the recitations found therein including a specific tire construction comprising two helically wound wires, one being preformed by a substantially-sinusoidal deformation lying in a plane.

Conclusion

Ex Parte Quayle

3. This application is in condition for allowance except for formal Drawing matters:

The drawings are objected to because Applicant is claiming a tire having a specific construction, as well as a specific utilized reinforcing cord. While Applicant has included drawings depicting the tire construction, he has failed to include drawings of the specific reinforcing cord, which he previously submitted with Application 10/187610, now US 6698179.

To overcome the objection to the drawings, Applicant should submit previously submitted Figures 4a, 4b, 4c, 5a, 5b, and 6 in the instant application. The reasoning being that allowance is based on the combination of the specific tire construction in view of the specific reinforcing cord, and the structure of such a cord must be made of record to clearly teach the invention as claimed.

Corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Matsuura et al (4604861), Okamoto et al (5287694), Sato et al (4891493), and Japanese Document (401040687) all teach what is well known in the art.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Shaun R Hurley whose telephone number is (703) 605-1236. The examiner can normally be reached on Mon - Fri, 6:30am - 3:00pm, off every other Friday.
